PRODUCT DESCRIPTION

The natural wood finish and linear form perfectly express the tension of minimalist design. LED modules are stationed from end to end and diffused through a strip of tempered, sanded glass, which spreads the light evenly and prevents any glare or hot spots. With its versatile shape and different lengths, Drift translates across a variety of applications, from residential to commercial office, with ease.

FEATURES

- 277V option available for special order.
- Transformer concealed within the canopy
- Unique wood grain
- Tempered glass diffuser with sanded surface
- End-to-end LED modules for even illumination
- Can be mounted on a sloped ceiling
