CAUTION: To prevent electrical shock, ensure electricity has been turned off at the circuit breaker before beginning.

- Read all instructions before installing.
- System is intended for installation by a licensed electrician in accordance with the National Electrical Code (NEC) and local regulations.
- When handling the fixture, do not apply pressure to the LEDs. Hold the fixture by the base only.
- Retain installation instructions for future maintenance reference.

WARNING: All parts must be used as indicated in these instructions. This product is designed for use only with the supplied parts and/or accessories designated for use by Modern Forms. Substitution of parts or accessories not designated for use with this product by Modern Forms could result in personal injury or property damage, and will void the warranty. Contact an authorized dealer or the manufacturer if any parts are damaged or missing.

MAINTENANCE NOTE: Coastal conditions may cause mineral and residue build-up on the fixture. We recommend that customers in coastal areas clean all external surfaces of the fixture once every two weeks with a wet cloth.

MISE EN GARDE: Pour éviter tout choc électrique, assurez-vous que le disjoncteur soit mis hors tension avant de commencer.

- Lisez toutes les instructions avant l'installation.
- Le système doit être installé par un électricien licensié conformément au code national de l'électricité (NEC), et également aux règlements locaux.
- Lors de la manipulation du luminaire, n'appuyez pas sur les LED. Tenez-le uniquement par la base.

ATTENTION: Toutes les pièces doivent être utilisées comme indiqué dans ces instructions. Ce produit est conçu pour être utilisé seulement avec les pièces et/ou accessoires fournis pour être utilisés avec les produits Modern Forms. Remplacer des pièces ou accessoires non conçus pour ce produit Modern Forms pourrait causer des dommages corporels ou matériels et pourrait également causer l'annulation de la garantie. Veuillez contacter un revendeur autorisé ou le fabricant si des pièces manquent ou sont endommagées.

NOTE D'ENTRETIEN: Les conditions côtières peut causer une accumulation de minéraux et de résidue sur le luminaire. Nous recommendons aux clients qui resident dans les zones côtières de nettoyer toutes les surfaces externes du luminaire une fois toutes les deux semaines avec un chiffon humide.

Fig. 1

## PREPARATION

1. Shut off the power at the circuit breaker and remove existing fixture, including the crossbar.
2. Carefully unpack your new fixture and lay out all the parts on a clear area. Be careful not to lose any small parts necessary for installation.

## MOUNTING THE FIXTURE (Fig. 1)

Fig. 2 Wiring

PD-60834 back plate

PD-60828 back plate

Fig. 3

3. Remove the mounting screw (B) from the fixture.
4. Drill holes in the wall aligned with the key holes located in the mounting back plate, insert the plastic anchor (C).
5. Secure mounting back plate to the junction box using junction box screws, fasten it to the wall using wood screw (D).

The side of the mounting plate marked "GND" must face out.
6. Adjust the fixture wire length by pushing the cable gripper on the canopy and pulling the wire as desired.
a. Retract these wires close to a desirable length to within the canopy before securing the fixture in place. Note: retracting or extending excessive cable length through the cable gripper is not recommended.
b. Warning: Shortening these cables without professional helps or electronic background is not advisable.

Any modifications to the fixture may result in voiding the warranty of the product.
7. Please follow these if shortening the wire is needed. Take note or take picture of how the wires are being connected and label each wire clearly. Using the Fig. 4 as given below as reference.

## CONNECTING THE WIRES (Fig. 2)

8. Connect the driver's wires to junction box wires as shown in Fig. 2, making sure that all wire connectors (A) are secured. If your outlet box has a green or bare copper ground wire, connect the fixture's ground wire to it. Otherwise, connect the fixture's ground wire directly to the mounting plate using the green screw provided. After wires are connected, tuck them carefully inside the junction box.
9. This fixture features electronic low voltage (ELV or TRAIC) or 0-10V dimming capabilities. See notes below for specific dimming wires information.

## COMPLETING THE INSTALLATION

10. Secure the fixture to the back plate using the mounting screw (D).
11. if diffuser drop up, insert diffuser into the fixture PS: Along the long side insert.

## NOTE: DIMMING WIRING INFORMATION (Fig. 3)

12. To utilize ELV or TRAIC dimming: use wires black (hot), white (neutral) and bare copper ground wire (ground).
13. To utilize 0-10V dimming: use wire purple (dim+), gray (dim-), black (hot), white (neutral) and bare copper ground wire (ground)

NOTE: Make sure to connect $0-10 \mathrm{~V}$ prior to power-up the fixture in order to allow the $0-10 \mathrm{~V}$ dimming to function properly.
